

**Town of Baltimore
Town Meeting
March 3, 2026**

The meeting was brought to order at 7:15PM by Joan Whaley. Joan then read the Warning.

Article I- To elect a moderator for the year ensuing.

Town Clerk Deb Bean took nominations from the floor. A motion was made for Joan Whaley and seconded. No more nominations. Motion carried.

Joan asked if School Director Adrienne Williams would like to speak. Adrienne outlined some of the concerns regarding the continually increasing the cost of education which has become a major concern for Tax Payers and has become unsustainable. Adrienne read the following Resolution which was approved by the town as read.

Resolution:

Shall the town of Baltimore declare that the current statewide education funding system has failed the people of Baltimore and is no longer capable of providing the equitable and convenient education guaranteed under the Vermont Constitution, and that the repeated legislative inaction, including the flawed implementation of Act 73, has produced unsustainable property tax burdens that disproportionately harm small rural towns?

Shall the town direct the Schoolboard to formally communicate this position to the Vermont Legislature and to notify state officials that Baltimore is prepared to explore all available legal and political avenues to protect its taxpayers and students unless meaningful structural reform is enacted during the current legislative session?

Joan asked if Windsor-2 Rep. VL Coffin would like to speak. Rep. Coffin talked about some of the bills that he was involved in and he did comment that the high level of educational property tax for school financing was unsustainable and would likely increase each year. Representative Coffin ended by saying please contact him with questions and/or comments.

Kevin Gould, asked how come State Aid is always \$19,000.00. Article IX- Shall the voters approve the transition for the town to switch from a calendar year to a fiscal year starting during year 2028? If this Article is approved by the town, then the date that property taxes are due would change to accommodate when town expenses need to be paid. Questions were asked as to why this transition was needed. The Selectboard said that it was because of problems in creating proposed budgets so far in the future. Because of the rate of inflation with the cost of goods and services, a more accurate proposed budget would be presented if the town budget approval date was the same year as the start date of the budget. It was also explained by the Selectboard that the town was having difficulty in obtaining cost for goods and services from contractors and, also, for any bids to be submitted by other towns for their services, if we asked them to submit a bid for over a year when it was needed. After discussion, Article IX was not approved by the town voters because of concern over in the date for tax collection and auditing problems.

Article X- To do any other Town business legal and proper when met not to involve expenditures of the Town.

Motion made and second to adjourn at 7:52 P.M. Carried

Respectfully submitted,

Sandra Rich
Assistant Town Clerk
